During 2023, Aeromexico reinforce its commitment to continue building a better airline.

We renewed our fleet with 20 most modern commercial aircraft, which has allowed us to position ourselves in the top 3 of the most efficient IATA-based airlines.

We have a unique opportunity to ensure we are flying towards a more sustainable future, **Vuela Verde programme**. The corporate customer can purchase Carbon Credits and select the project to which they will be allocated

We purchased +23 thousand liters of Sustainable Aviation Fuel (SAF), reducing 44 tons of CO2 in our operations.
